The registration at the elementary school will be in charge of Mr. H. A. Johnston, the new elementary school principal. He wishes to meet all classes or grades from one to seven inclusive, Thursday morning, September 5, at 9 o'clock. The elementary school pupils will not be required to report on Friday. Classes for all grades in both buildings will begin Monday, September 9th.

The school buses will make double runs on Thursday and Friday, September 5th and 6th, in order to bring in the classes at their time of registration.

These fees are payable only once during the school year. Typing fees will be \$4.50 each semester. Band fees will be \$1.00 per month, and each student will be requested to pay for each semester in advance.

The following faculty has been employed for the school year 1940-41: Mr. Hubert Morton, Mr. H. A. Johnston, Mr. J. M. Grigg, Mr. R. H. Campbell, Mr. Clyde Smith, Mr. S. E. Brooks, Mr. Glenn Caffey, Mr. M. W. Smith, Miss Louelle Willis, Miss Emma John Blake, Miss Avelene Murphree, Miss Bernice Whiteley, Miss Camille Smyers, Miss Mae James, Miss Nadine Morgan, Miss Lala Mae Reynolds, Mrs. Ruth Mayhew, Mrs. Mary Farrow, Miss Geneva Albritton, Miss Georgia Moore, Miss Bonita Duckworth, Miss Lulan Vaughan, Miss Clydene Wilson, Miss Laura Q. Martin, Miss Bernice Gilmore. One vacancy is yet to be filled, that of elementary coach.

Signed,  
G. R. Bennett  
Superintendent of Schools

Mr. and Mrs. Lefler Bruner of Clarksdale, Miss., are visiting Mr. and Mrs. Loy Fry and other relatives.

### Anson Ginner Comes to Hamlin's Planters Gin

Perhaps one of the best known gin men of Jones County is Tom Holland, of Anson, who is moving this week to Hamlin to take charge as manager of the Planters Gin here.

Mr. Holland has been for seven years manager of the Farmers Cooperative Gin seven miles east of Anson, at Funston. Mr. Holland is a fine friendly fellow who will enjoy the same kind of folks in Hamlin. Early this week Mr. Holland was much concerned in getting a small house for himself and wife. This time of the year house room is quite an object. Mr. and Mrs. Holland have a welcome to our city.

### BAPTIST CHURCH

That 302 in Sunday School attendance last Sunday brought our average for the month of August up to 290 1-2. This is an increase of 1-2 over the preceding month.

The spirit in both services was unusually good. Three came upon profession of faith. Seven were baptized at the close of the evening service. This was the last Sunday of our associational year, and we were glad that we could close out with a baptismal service. I don't know how many have come into the church during the year. Over 100 have come into the church since February. We thank God for His great blessings.

Let's make September our best month yet. By getting a good start next Sunday, we can do it. In the morning service, the pastor will speak on the subject, "A Dark Picture Made Bright." This is an expository sermon covering one of the great chapters of the Bible. The subject chosen is truly the theme of the chapter. Christians will find great hope and assurance in the chapter chosen. The pastor will preach at both the morning and evening services.

A recent speaker at the Lions club said, "I had rather die fighting for American principles than to live without the right to live." I agree. I will say also that I had rather die than bring a reproach on the cause of Jesus Christ. Let's wake up and show the world that Christianity is vital and real. That is our great challenge.

Signed,  
H. E. EAST, Pastor.

Mrs. Homer Raney is back at her place in the Cactus Beauty Shop after a two weeks' vacation in Fort Worth.

### METHODIST CHURCH

Rev. John W. Hendrix, Pastor

CHURCH SCHOOL is provided as one of your outstanding privileges of the Sabbath, coming into session at 9:45 A. M.

MORNING WORSHIP — 10:50, and it comes on time. This is one of our most important moments of the year's calendar.

Our revival begins real soon. The pastor will deliver a sermon, using as theme, "Seasons of Refreshing Rains". The choir has held together remarkably well and will render select music for that hour.

EVENING WORSHIP—8:15. And we have a goodly number who are constant in their appearance at this service. Everything is being done to make it most vital. The choir will make their contribution. The pastor will speak, using as subject, "The Pulpit and the Modern Tempo". What in the modern mind makes it difficult for the Gospel? In what particular is it different from yesterday? An interesting study!

LEAGUES: Both Intermediate and Young People meet at 7:30 P. M. And this bears to each of these age groups a most cordial invitation to be present.

### Methodist Revival To Begin September 8th

As has been before mentioned in The Herald, the date for this coming revival has been set—September 8th to and including September 22. It is set apart to begin in the Methodist Church inasmuch as revivals must have a location in which to begin; but it is the hope and the earnest prayers that it shall spread to other church people; that it shall be town and community-wide. It concerns itself with the rededication of believers and the conversion of the unsaved, and all agree this should be done—none of us differ here. And it is to this task we urgently invite your utmost co-operation, your prayers, and your most zealous endeavor. All of all churches who believe in the necessity of renewed consecration on the part of believers and the conversion of sinners are invited to share in this meeting.

Put this date down on your calendar—Sept. 8th to 22nd.

### Church of Nazarene Starting A Revival

We are to begin a Revival Sunday September 1st, continuing through Sunday, September 8th. We plan to especially emphasize personal evangelism in the Sunday School.

We are using local talent. The pastor will do the preaching and Miss Hattie Warnell will direct the music. We want everyone to come and help us make Hamlin a safer place in which to rear our boys and girls.

Especially do we want those who are not in Sunday School to come. Services each evening at 8:00 o'clock through next week.

DAN D. JONES, Pastor.

Miss Bobby Jo Cox who has been doing church work among the young people of the Baptist church this summer, left Wednesday for her home at Tuscola. Her parents, Mr. and Mrs. J. B. Cox, came for her. She will enter the Baptist Seminary at Fort Worth on September 9th. Miss Cox graduated from State Teachers College in Denton one year ago. Miss Cox is preparing to do missionary work. She is a Bible teacher of unusual ability.

### Next State Senator

JOHN LEE SMITH  
of Throckmorton

In the run-off race for State Senator, Hon. John Lee Smith of Throckmorton, won the count by something like two thousand over Jones County's Judge Omar Burleson.

### Gilbert Smith Expresses Gratitude To Voters

TO THE CITIZENS OF JONES COUNTY:

I am indeed grateful for the confidence you have shown in me and take this method of expressing my appreciation. I wish it were possible to thank each of you personally, and especially those of you who took an active part in my behalf, for without this personal work my nomination would not have been possible.

I assure you the judicial affairs of the County Judge's office will be conducted in an honest, fair and impartial manner and with the aid of the able men whom you have chosen as Commissioners, we pledge you an economical business administration.

Thank you,  
GILBERT SMITH

Mr. and Mrs. J. S. Lutzer and Mrs. R. W. McCurdy are spending several days of this week in Dallas, looking over the fall market. Evidently many good purchases will be made (this time) two experienced women and one man to do the "picking".

### The City Should Take Control of Cemetery

A strong movement is on to get the East Cemetery Association and the City of Hamlin to enter into a deal whereby the City will assume all control and upkeep of the cemetery.

It appears a good idea. It is a public affair and often times much outside money could be had for improvements if a "living organization" like a City Government had the deeds. This is something for everyone interested to think about and express their wishes in the proper places.

If something is not done soon, some day somebody will start a private cemetery in a better location, and under a better control than now exists. As a matter of fact, a better location could be found, for convenience, for water and for soil. But no one would think of letting any cemetery go wanting for protection and care, so let's all get together on some lines satisfactory to the big majority.

### Ballinger People Hurt In A Car Turn-over

Probably about 8:45 P. M. Sunday, a serious car accident happened at the intersection of the Neinda road and Highway 83.

A Ballinger car containing two men, one woman and one little boy left the highway to the right to keep from hitting another car pulling or pushing another car.

They were given first aid by Dr. L. S. Magee, and continued their journey home.

LADY LOSES SHOE  
Mr. and Mrs. Homer Raney came along in time to carry the injured folks to a doctor. They had been visiting their parents and Mrs. Raney had changed shoes, leaving her "best" pair on the back seat. On their way to the doctor, the little boy became sick at his stomach and grabbed for the door and evidently kicked one shoe out. Folks, if you hear of a ladies' white pump being found—it is Mrs. Homer Raney's at the Cactus Beauty Shop.

### How Hamlin Goted In The Run-Off Primary

The first question following an election is, "How did 'our box' go?"

Since it is not practical to gather all the votes of all the boxes in the county, we give below just the results of Hamlin's two boxes and our near neighbor, Neinda.

### Leaf Worm Display At Bryant-Link Co.

The Bryant-Link Hardware Store is displaying some leafworm millers, hatched from leafworms, in their show window.

Farmers can examine these and see just exactly what the leafworm millers look like. This will help the farmer to recognize the millers in his cotton field.

We sent the webbed-up worms to Bryant-Link, and by L. W. Bramblett of the Sweetwater Cotton Oil Co.

Mr. and Mrs. Jones Palmer and two sons, Wayne Palmer and Hugh Stitt, of Levelland, came down Wednesday to visit their parents, Mr. and Mrs. J. C. Green near Dovie. Mr. Palmer formerly lived in the Hamlin country till about five years ago. He reports fine crops in his part of the plains.

## THIS WEEK

A LITTLE BIT ABOUT

*This*  
AND A LITTLE BIT OF  
**THAT**

The first thing we want to say this week is—

That the fellow seen driving up Hamlin's Main Street the other day was neither a candidate nor a drunk. That fellow was a good driver, trying to skip all the chug-holes in the 30 year old pavement . . . and he couldn't do it.

—T&amp;T—

Did you know that Hamlin's Main Street (six blocks of it) was the first town of its size in Texas, to have a solid granitoid-cement pavement? It was very much like a strong athlete, some man in its early days, the talk of the state too . . . just like some of the 'old boys' of Hamlin right now—in the young days of Hamlin the men and the streets were "go-getters".

—T&amp;T—

Paving, even, is not expected to last always, especially with the constant increase of load weights and other kinds of "diggings-up". Paving can be rebuilt, repaired and modernized. The men who conceived and built the paving can not be done that way. The question now is—do the men of Hamlin of 1940 have enough push to see that a prominent street remains prominent for smooth, safe driving . . . or otherwise. The Highway boys will get around to Hamlin's hard chug-holes, in time, unless the tire manufacturers bribe them to let a rough spot get rougher.

—T&amp;T—

Another thing . . . since the recent prolonged days of fine rains, there appeared an invasion of "Galinippers" sometimes called "mosquitos," acting like "Sutka bombers" from some strange land. Nope, they were "furiners" blood-suckin' suns o' guns, not born in these diggin's about Hamlin. Other near by towns were attacked just like Hamlin.

—T&amp;T—

It is mighty hard for an editorializer to keep from saying something about "politics", right after the hottest, most trying run-off ever pulled in this end of the state. Every time we think of politics, our circulation booms up, temperature rises, the breath becomes flame-like, the nostrils flare out and the eyes dance with fury (? maybe ?). Anyway, it is all so blasted strange how the Lord takes care of what we believe are His own, that we wonder how we have come thus far on the road to a great nation. Politics is taking an interest in one's government, but sometimes that "interest" seems so strange.

—T&amp;T—

Down here in Texas, we have finally gotten a bunch of fellows elected (almost). Two or four years ago the ones who were kicked out this year were dear perfect angels (according to the voters) and along comes a lot of political charges to make one thing he had supported a scoundrel, a traitor or something. We turn 'em out and get a new bunch to bemean in their "due time". It is a funny old world, this is, you are telling it sonny.

—T&amp;T—

If there is anything a good citizen means it is loyalty to his government, and our government is made up of men. There is not a single one recently nominated for office but that some designing fellow who wants a job can find some kind of "startling news" to tell on him to pick up enough votes to get in on. So the story continues, thousands who did not vote to put in the new officials, will be staunch supporters two or four years from now as they were this 1940. Watch and see. The most reliable citizens hardly ever fail to remember.

—T&amp;T—

Now TALKING of politics. Most good citizens have their eye and ear on the "doins in Washington" these days. Wonder just what the vast majority of citizens think of that bunch of women who are called the

"Black Veiled Widows" or those females who have so much patriotism as to drag the effigy of a prominent Senator through the streets of our capitol city? What do you think of that kind of stuff, Mr. and Mrs. Hamlin, or West Texas people?

—T&amp;T—

Here is one country editor who admires the stand of Senator Pepper whose state sticks out in the Atlantic Ocean like a sore thumb. We need more "Peppers" in our United States Senate and fewer female "effigy draggers" of honorable men representing a patriotic people. A lot of "drag" is being permitted up there in Washington, and in a lot of other places where pro-Germans are cutting up, all in the name of freedom of action, of speech, of assembly and of the press. This very kind of monkey mush was permitted in England right up till Hell-Hitting Hitler throttled the life out of Denmark, Holland and Belgium.

—T&amp;T—

Men have their rights and so do WOMEN, but there comes a time in the life of a nation when too much liberty means eternal enslavement. A state of war has not been declared, but a "state of prepaation" is full ahead, and all traitorous conduct should be nipped in the bud.

—T&amp;T—

We said something about "remembering". Wonder if the states who sent certain men to congress, especially the Senate, remember how their voice was reflected about a year ago, when they had up the "Repeal or Amendment of the Embargo Act" designed to keep US out of war? The same bunch opposed every action for preparedness; opposed the outspoken voice of the President to get ready, in case; opposed calling out the National Guard; opposed the Classified Conscription; opposed appropriations for a larger navy; even opposed voting to permit "mercy ships" to go bring little children from the death traps of England; advocate sending foods to feed the peoples who are being 'protected' by Her Hitler. Folks, the circle of men up there in Washington who oppose everything, for the Lord knows why, don't fit into our idea of patriotism. All this does not come about because of "party", by a boot full. Some of these days the actions of bull-headed senators will be hung out on their own limb, with the saw in their own hands. Because folks back home do think and remember.

—T&amp;T—

Let's get back down in Texas. Everything we read is not true. But some things seen in print do not set well with all of us, by a jug full. We hope it is not true about that Texas University Doctor of "something" who is reported as saying that England could not last but 30 days longer (he may be right) but he has done no good by saying it, especially if he follows up by saying now if England goes down, then Willkie will be elected, for Willkie is of German extraction and only Willkie can get along with Hitler. Such a so-called doctor of instruction is doing Mr. Willkie and all of the United States an injury to say such a thing. Such tommy rot will do Texas University no good. Let's hope no one permitted to teach in a Texas school will be guilty of teaching that "we must prepare to get along with Hitler." . . . better teach that this whole world it not large enough for this nation and Hitler and his spirit-crushing ideas to live in it at the same time. Doctor if you don't want to get bounced hard, better find a landing place, because if you want to get along with Hitler you are headed for a fall, down in Texas.

—T&amp;T—

I take this method of expressing my thanks for such a splendid vote you gave me in last Saturday's election. I want you to know I appreciate it from the bottom of my heart.

To those who did not see fit to vote for me, I do not hold any ill will toward anyone.

Friends of Seymour Cozzen will learn with sadness of the death of his wife August 18.

Wayne and Cornelius Cozzen visited their uncle, L. F. Cozzen the past week.

We were sorry indeed to learn of the sad misfortune of Mrs. Otis Young's sister, Mrs. Zelma Austin, who was bitten by a rattlesnake last week, but are glad to know she is improving and the Doctors say she is out of danger at this writing.

Mrs. Claudia Bingham and daughter returned home Sunday after a week's visit with her mother, Mrs. G. W. Bristow and other relatives. Miss Polly Kelly spent the week end at home.

### J. D. Burk Resigns As Mgr. of Safeway Store

Last Friday J. D. Burk, who has been manager for Safeway Store in Hamlin for several years offered his resignation to become effective at once.

The many friends of Mr. Burk learn this with much regret unless it means that he and his fine family will continue to be citizens of Hamlin.

Mr. Burk's place is now occupied by Pat Marlow, a fine young fellow known to nearly everybody for his happy face and bright red hair. Pat Marlow and his wife and baby will become Hamlin citizens again and they meet a hearty welcome to Hamlin. The past few years Pat has been with Safeway in San Angelo and Coleman. He fits into the Hamlin picture perfectly.

Just what Mr. Burk's plans are is not quite known at this time, but indications are that he will engage in some form of merchandising in Hamlin. He owns a nice home here and will not likely leave Hamlin.

## The Woman's Society Of Christian Service

This is the title of the new organization in the Methodist church. This organization takes the place of the Woman's Missionary Society brought about by the plan of unification of the three biggest branches of Methodism of America, namely, the M. E. Church (North, the M. E. Church; South, and the Protestant Methodist Church). The ladies of the Methodist Church are very busy studying and arranging to perfect this society.

Rev. and Mrs. Hendrix were in Abilene Monday, all the pastors and their wives were, in session, partly studying the new plan. Then the

ladies, some eight or ten of them, were in attendance at a zone meeting Wednesday, where this study is to go farther. This organization will endeavor with all its powers to interest and include all the ladies of the church. Every effort is now being put forth to reach all of them with an invitation, and a day will be set in which this society will be brought into life. Date for organization, Monday, September 2nd.

## Vegetable Laxative With Proved Feature

The punctual, satisfying relief from constipation and its headaches, biliousness, bad breath, so often experienced by users of this laxative, is mainly due to its combination of purely vegetable ingredients.

BLACK-DRAUGHT'S principal ingredient has high medical recognition as an "intestinal tonic-laxative"; helps impart tone to lazy bowel muscles.

A little of this spicy, aromatic product by simple directions at bedtime, generally allows time for a good night's rest; acts gently and thoroughly next morning.

Next time, take time-tested, economical BLACK-DRAUGHT.

Mr. and Mrs. Earl Smith and daughter, Miss Twila Ruth, of Graham, were here Thursday visiting friends, Miss Craigolene Elmore who had been a guest in the Smith home returned to Hamlin with them.

## POT SHOTS FROM McCAULEY

BY GEO. DARDEN

Well, the election is all over. Some are glad and some are sad but after all is said and done, we are glad that we live in a country where we can vote our convictions and abide by the will of the majority.

Peggy Darden of Abilene is visiting in the home of her cousin, Bess Darden this week.

Mrs. N. D. Miers' young people were heard on station KXOX at Sweetwater last Saturday.

Mrs. Louis Yates, who has been ill for hte past few weeks, is reported, as much better.

From all reports, McCauley will have an oil well by the time this news goes to press—the well is located on the farm of Mrs. J. L. Maberry one mile south of town. We understand that there is quite a bit of leasing of land in every direction from town.

Prosperity is just around the corner. A number of our citizens are trading cars and that means they are expecting a good crop. It's pret-

ty hard to drive a wreck when you see from a half to a bale to the acre all about us.

The McCauley gins are about ready to blow their whistles and there are a few who expect to gin a bale in a week or ten days.

Mr. and Mrs. Burl Bunkley visited Mrs. Bunkley's parents, Mr. and Mrs. M. M. Cobb near Stamford last week end.

Cecil Lotief's letter to the editor of the Abilene Reporter-News was jam up and right to the point. If you haven't read it, we suggest that you do. It's in last week's edition of the Friday paper and it expresses the opinion of a lot of our citizens.

Mrs. Ted Abbott visited her daughter, Betty Jo in Abilene last week. Betty Jo is in training at the Hendrick Memorial Hospital in Abilene.

Mr. and Mrs. Leland Clifton are visiting in the home of her parents, Mr. and Mrs. Louis Rector.

Mr. and Mrs. Earl Darden and children and Mr. and Mrs. C. L. Darden all of Abilene visited in the home of the Geo. Dardens last Sunday.

Billie Pickron is visiting his grand parents in Mineral Wells this summer.

The McCauley school will open for business in two weeks. Will the kids be glad? Some will and some will not. School days are happy days after all.

Mr. and Mrs. O. F. Shurtleff and daughters spent last Sunday with Mr. and Mrs. A. L. Gregg.

Mr. and Mrs. Roland Stephenson have returned to Tucumcari, N. M., where Roland is teaching in the public schools.

Mrs. Miles, mother of John and Jack of McCauley and Hamlin, is visiting here. Mrs. Miles' home is in Kentucky.

Mr. and Mrs. E. A. Lawlis are the proud parents of a baby boy, Kenneth Wayne.

Mr. and Mrs. A. L. Gregg, long time residents of McCauley, have rented a farm southeast of Neinda

and will move there the first of January.

The writer will be glad to take subscription for the Hamlin Herald and if you want the McCauley news hot off the wire you can get it in this column.

In our opinion, if the HATCH LAW had been left up to the voters it would have never been a law. In a way it bans free speech which is against the constitution. We should have the right to take the stump in behalf of any candidate that we feel should be elected for the good of our country. If state and federal employees are to be prohibited from taking part in any election, then we all might as well be tied to a post. Every man and woman should have the same consideration, whether he be employed by a private concern or in the employe of Uncle Sam. What is the difference? Senator Hatch must have wanted some publicity and he is getting it. Some body would say we are a copy cat, if we were to challenge Senator Hatch for a debate on the question and too, that would look too much like we were following in the footsteps of Mr. Willkie and we imagine Mr. Hatch would pay about as much attntion to our challenge as does our President toward Mr. Willkie's challenge. If by chance Mr Hatch should see this in print and wishes to take exceptions, then we will still meet him in joint discussion at the Tabernacle in McCauley at any time that he can get off. We could at least get a crowd in the old home town and sell a lot of extra soda pop.

—A DARDEN-O-GRAM

Did I get the *Horselaugh* when I said electric rates had been cut in half!

YOU see, I work for the electric company and so the other night at a little party I got to sounding off about the way electric rates have been steadily reduced to about half what they were twelve or fifteen years ago.

Boy, did I get the horselaugh!

"Sure," says one of the fellows, "I suppose that's why my electric bill is higher than it ever was."

"Hold on," I said. "I know what's bothering you. Your bill is as big as it ever was. Maybe bigger. So is mine. But you forget we're using more juice. We didn't always have radios, refrigerators, clocks, and percolators, and irons, and maybe a dozen other things."

"That's not all," I said. "You not only get twice as much juice for your money. You get better service than you ever got. And what does it cost?" I ask. "For most of our customers it's less than a dime a day. Light, music, refrigeration, cool breezes, good coffee, hot toast, cool ironing, and it costs about a dime a day. It's the biggest bargain there is, and it's getting bigger all the time."

When we were saying goodbye on the porch I gave them one more shot.

"You not only get twice as much electricity for your money," I said, "but you cut your own rate every time you use more. The way modern electric rates are now, the more you use, the lower the price." So I say good night and what a good time I had.

P.S. It sure was a swell party! They asked me to come again.
